Hello Readers!

The month of May was a rollercoaster of undertaking new endeavours and catching up with old friends. **Tarun Cherukuri, our CEO, attended the 2022 Climate Summit in Nevada where he met his friends from the 2019 Cohort of the Obama Foundation Fellowship.** The key topics they touched upon included:

- Finding ourselves in a **democracy-climate-economic crisis** and ways in which we can meaningfully address the decisions of those who came before us and hold accountable those who represent us today in our halls of power and influence.
- The climate crisis is both a crisis for the economy and democracy. **We must work on reversing the damage done to safeguard our economies, democracies, and our only home, Mother Earth.**

**Celebrating Samaaj Champions**

**Neha is leading Samaaj 3.5% program and coordinating with community champions in Delhi who are making a difference by giving back to society. We at Indus Action celebrate her!**

As you know, our **Samaaj 3.5% initiative** is based on the principle that it
only takes 3.5% of the population to drive systemic change. In an effort to celebrate the efforts of our II - Samaaj cohort, we organised a day-long event, JALSA 2022, across 3 regions. This year, we had 33 graduating Champions spread across UP (17), Delhi (11), and Chattisgarh (5), poised to transform their communities for the better. Catch a glimpse of the celebrations!
